

ProbeMeter[®] Megohmmeter

 **1000V digital tester with large backlit display**
Insulation Resistance to 2000M

Features:

- 1000V test voltage
- Large 3-1/2 Digit (1999 count) multifunction backlit LCD with Data Hold
- Two ranges with 2% basic accuracy
- Auto Hold and Auto power off
- Complete with carrying case and 4 x AAA batteries

Measures the insulation resistance of motors

Specifications	
Test Voltage	1000V
Insulation Resistance	20M , 2000M Ω
Accuracy	±2%
AC Voltage	0 to 600V
Accuracy	±2.5% of full scale (approx.) ±2.5% of full scale
Continuity	0 to 50Ω
Accuracy	±5% of indicated value
Dimensions	7 x 1.7 x 1.6" (170 x 44 x 40mm)
Weight	5.8oz. (180g)
