

Technical Training CD

- Comprehensive training on use of the 475 Field Communicator
- Self-paced so you can progress at your own speed
- Reinforced learning through practical application videos
- Includes both HART® and FOUNDATION™ fieldbus training

Comprehensive Training

The 475 Field Communicator Technical Training CD provides a complete overview of how to use your communicator. The training includes:

- Overview of the 475
- Initial Setup of the 475
- Keyboard Operation
- Using the HART Application
- Navigating the HART Menu Trees
- Using the *Easy Upgrade* Utility
- Using the FOUNDATION Fieldbus Application

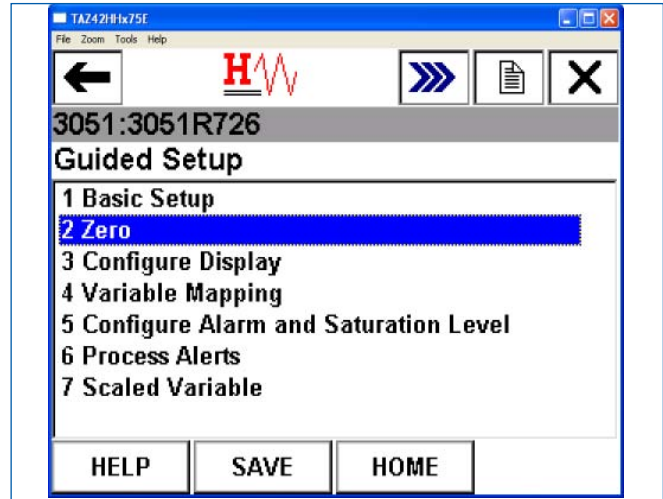

Self-Paced Training

With narrated training modules, you can determine the pace of your training. While you determine the speed that is comfortable to you, the training generally takes approximately one hour to complete.

You can practice actual operations performed in the field with our interactive videos. There are videos on common tasks for both HART and FOUNDATION fieldbus devices.

The 475 Field Communicator user interface is explained in the technical training.

The interactive videos guide you through common procedures.

Interactive Videos

The Technical Training CD features the following interactive videos:

- Basic Setup of a HART Pressure Transmitter
- Zero Trimming of a HART Pressure Transmitter
- Configuring of a Smart Wireless THUM Adapter
- Basic Commissioning of a Fieldbus Device
- Determining Alarm Conditions in a Fieldbus Device
- Valve Diagnostics with ValveLink Mobile
- Stroke Valve Test with ValveLink Mobile
- Using the *Easy Upgrade* Programming Utility
