

Real Data. Real Time. Real Value.

Elevate the safety of your workers and first responders and reduce downtime with the 3GPID family of monitors.

The UltraRAE 3000 is an advanced compound-specific monitor in the market and one of the few monitors that delivers desired measurements of benzene from 50 ppb to 200 ppm and other VOCs up to 10,000ppm. It provides an enhanced versatility for entry pre-screening, marine spill response, and refinery down-stream monitoring.

The ppbRAE 3000 is a monitor for CBRNE, HazMat Response, Civil Defense, Oil & Gas, and other hazardous environments. Using a 3rd gen photoionization detector (PID) and built-in correction factors for more than 200 compounds, the ppbRAE 3000 is an advanced VOC monitor for parts-per-billion (ppb) detection.

The MiniRAE 3000 delivers advanced VOC monitoring capabilities in the market for industrial hygiene, leak detection or HazMat response through a photoionization detector (PID) that has an extended detection range from 0-15,000 ppm, a rapid three-second response time, built-in correction factors for more than 200 compounds, and patented auto-cleaning sensor technology.

2019 3GPID Trade-In Program

- Receive **\$400 USD** off the purchase of a MiniRAE 3000 (use promo code **PCT-0591-000**), UltraRAE 3000 (use promo code **PCT-0592-000**) or ppbRAE 3000 detector (use promo code **PCT-0593-000**) when you trade in any operational competitor multi-gas detector.

Trade-In Program is valid until March 29th, 2019.

Terms and Conditions

This trade-in program cannot be combined with any other offers. Devices submitted for trade in must be received by RAE Systems by Honeywell within 30 days of receipt of purchase order. Trade-in values cannot be transferred to another class of instrument. Only one device may be traded in towards the purchase of a single instrument. RAE Systems by Honeywell reserves the right to change or modify trade-in values at its sole discretion without notice and reserves the right to cancel the program at any time. Honeywell standard terms and conditions of sale apply.
